Community Insights - Local Place Data	Snapshots of key data for local communities across the western Bay of Plenty visualised through infographics including 14 for WBOP communities and Pāpāmoa East.
Infometrics Economic Profile - Tauranga Region	The Regional Economic Profile covers a wide range of topics including GDP, employment, unemployment, productivity, standard of living, population, wellbeing, skills, businesses, and tourism.
Infometrics Economic Profile - WBOP Region	The Regional Economic Profile covers a wide range of topics including GDP, employment, unemployment, productivity, standard of living, population, wellbeing, skills, businesses, and tourism.
CAB Community Directory	Citizens Advice Bureau provides a directory of local community services and organisations. This includes social service support groups, clubs and societies, and family and food support services. Search by place, service category or keyword to find a local community organisation.
WBOP & Tauranga Population Projections (2023 -2053)	Population projections (now released in the Aotearoa Data Explorer tool) provide an indication of future changes in the size and age-sex structure of the population usually living in each area (down to Statistical area 2 (SA2) and statistical area 3 (SA3)).
Place and Ethnic Group Summaries tool (Stats NZ)	Use this Statistics NZ tool to find data about New Zealand's communities and ethnic groups. Topics include population, work, income, education, and housing (Census 2023 data). Data summaries are available at national, regional, territorial authority (e.g. Tauranga City, WBOP areas) and suburb level (e.g. Greerton, Ōmokoroa).
Commuter Waka (Stats NZ)	An interactive visualisation of how people in Aotearoa New Zealand travel to and from work and education, using 2018 and 2023 Census commuter data
Regional Economic Activity Web Tool (MBIE)	Explores indicators by Region and Territorial Authority on wide range of indicators including on housing, workforce, social and income, education, population, agriculture, economic and tourism.
Tauranga City Statistical Information Report 2025	Tauranga City Council compiled the information in this report from the statistics produced by Statistics New Zealand, the 2013, 2018 & 2023 Census, Council data and a few other sources. TCC updates this report regularly to include the most recent information when available.
Aotearoa Data Explorer (Stats NZ)	The Aotearoa Data Explorer is Stats NZ's key online tool that presents NZ data in a searchable, flexible, and dynamic way. It allows you to can view, query, and download data (including Census data and other large national datasets) in formats that work best for you.
Whakahou Taketake Vital Update – Tauranga 2023	The findings from a 2023 survey of 6,036 residents that focuses on the geographic communities in Tauranga: who makes them up, and what their needs, wants and aspirations are for their neighbourhoods and the wider city.
Regional Data Explorer (Social Investment Agency)	Developed by the Social Investment Agency this dashboard provides access to data for regional/sub-regional decision-making. It brings together 70 datasets or 'indicators' that can be filtered to help understand the needs of different population groups, what works for these groups, and how to measure progress.

Te Kāhui Māngai (Directory of Iwi and Māori Organisations)	Te Kāhui Māngai provides basic information about iwi, hapū and marae. It gives information on iwi identified in the Māori Fisheries Act 2004, and those iwi/hapū that have begun the process of negotiating settlement of their historical Treaty of Waitangi claims; including their rohe, hapū, marae, and the organisations whose mandates to represent these iwi/hapū have been recognised by the New Zealand Government.
The Older Person's Poverty Monitor	The New Zealand Council of Christian Social Services has developed a framework (including both a report and data dashboard) for measuring hardship/poverty in the over 65 years population. Data is broken down in a range of ways including by ethnicity & region and looks across income, health, housing and social connection.
Census 2023 - Tauranga & WBOP (Data n Dashboards)	Based on the WBoP Homelessness and Housing Dashboards this dashboard provides updated information from Census 2023 for Tauranga City, WBOP District, WBOP Sub Region and Bay of Plenty Region
BOP Regional Environmental Data	BOP Regional Council environmental data portal provides access to a range of current and historical environmental data.
WBoP Homelessness and Housing Dashboards	The dashboards provide a one-stop-shop platform to support our local information needs on everything housing related – from homelessness to emergency housing, to social housing and supported living, to market renting, through to home ownership.

Education Counts	A collection of analytical dashboards from across the education sector which allow users to analyse data to investigate trends and predict outcomes.
Te Mataaho-a-Iwi Education Dashboard	Naku te rourou nau te rourou ka ora ai te iwi With my food basket and your food basket the people will live. This dashboard provides iwi with a selection of summary statistics about their ākonga.
Aotearoa Youth Figures	Find data for and about young people in Aotearoa. Improve wellbeing through better, data-informed decisions.
Current Statistics on Child Poverty (Child Poverty Action Group)	Current statistics on Child Poverty.
Child & Youth Wellbeing Dashboards	Compiled by Community Insights, the Child & Youth Wellbeing Dashboards are divided into four main themes. The combination of these datasets from the Ministry of Health, Statistics New Zealand and Education Counts provide detailed interactive data about children and young people in our local community.
Maternity Web Tool	This web tool from Te Whatu Ora presents maternity data from the National Maternity Collection and is the latest release in the Maternity and newborn data series. It provides annual health statistics about women giving birth, their pregnancy and childbirth experience and the characteristics of live-born babies in New Zealand between 2012 and 2021.
Ministry of Youth Development	Links to a range of resources, reports and data for young people.

Disability Statistics (Stats NZ)	These statistics include data on disability prevalence (how many people are disabled), and insights into their experiences, such as barriers and support needs and how disabled people compare with non-disabled people across key social and economic measures. Latest data from the 2023 Household Disability Survey (HDS) is also available at this link.
Aotearoa Disability Figures (Figure NZ)	Aotearoa Disability Figures brings together data, research and reports for disabled people in Aotearoa. Find data on disabled people's wellbeing, employment, housing, education, health, and more.
Disability Data + Statistics (MOH)	Ministry of Health resources and publications on disability including findings of the latest NZ Health Survey
Overview of disability data	An overview of disability data in Aotearoa New Zealand is a reference resource designed to support people who want to engage more with disability data but need guidance on what information is available.
Disability Data & Evidence Resources	Whaikaha - Ministry of Disabled People hosts a selection of resources and guidance on collecting, analysing, and using disability data and evidence. Also recent news on disability data and insights and information on the Disability Data and Evidence Advisory Group (DDEAG).

Pacific Data Fale o Aotearoa	Pacific Data Fale o Aotearoa brings together data, research and reports on Pacific people in Aotearoa. Find data on Pacific health, education, wellbeing, and more. Read reports that contain data about Pacific people in NZ, Pacific data sovereignty, and other topics. We've also gathered a list of Pacific data experts and researchers to help give important context to data.
Pacific People's Wellbeing	Explores the key values, beliefs and practices that shape Pacific New Zealanders' experience of wellbeing and provides information about how Pacific people in New Zealand are faring across a range of wellbeing domains.
Rainbow Population (Te Ngākau Kahukura)	Provides links to Rainbow (LGBTIQ+) data from a range of sources including Census 2023; Household Economic Survey and NZ General Social Survey, Youth 19 (a large scale secondary school survey) and other surveys (including a survey of Pacific Rainbow people).
Ethnic communities - Our Communities in the Data (Ministry of Ethnic Communities)	Provides evidence on how Ethnic Communities are doing in New Zealand - in relation to key areas such as work and employment, health and wellbeing, housing, income etc.
Place and Ethnic Group Summaries tool (Stats NZ)	Use this Statistics NZ tool to find data about New Zealand's communities and ethnic groups. Topics include population, work, income, education, and housing (Census 2023 data). Data summaries are available at national, regional, territorial authority (e.g. Tauranga City, WBOP areas) and suburb level (e.g. Greerton, Ōmokoroa).

Infometrics Economic Profile - Tauranga Region	The Regional Economic Profile covers a wide range of topics including GDP, employment, unemployment, productivity, standard of living, population, wellbeing, skills, businesses, and tourism
Infometrics Economic Profile - WBOP Region	The Regional Economic Profile covers a wide range of topics including GDP, employment, unemployment, productivity, standard of living, population, wellbeing, skills, businesses, and tourism
Regional Economic Activity Web Tool (MBIE)	Explores indicators by Region and Territorial Authority on a wide range of indicators including housing, workforce, social and income, education, population, agriculture, economic and tourism.
Ministry of Social Development Data	On-line data tool on income support - assistance type/subtype and region (including main benefits, supplementary support & social housing register).
Current Statistics on Child Poverty (Child Poverty Action Group)	Current Statistics on Child Poverty.
Socioeconomic Deprivation Data	Analysis of census 2018 variables provides information about Aotearoa's socioeconomic landscape/map using the measurement tool NZDep2018.
Socioeconomic Deprivation Maps	Provides maps on deprivation within communities across NZ, based on Census data. It shows the level of deprivation for people in each small area, based on nine Census variables.
The Older Person's Poverty Monitor	The New Zealand Council of Christian Social Services has developed a framework (including both a report and data dashboard) for measuring hardship/poverty in the over 65 years population. Data is broken down in a range of ways including by ethnicity & region and looks across income, health, housing and social connection.

Social Data (Community Insights)	Local Infographics and interactive dashboards provide a snapshot of relevant data across four different topics; Place, People, Homelessness & Housing and Local Grocery Shop.
Place and Ethnic Group Summaries tool (Stats NZ)	Use this Statistics NZ tool to find data about New Zealand's communities and ethnic groups. Topics include population, work, income, education, and housing (Census 2023 data). Data summaries are available at national, regional, territorial authority (e.g. Tauranga City, WBOP areas) and suburb level (e.g. Greerton, Ōmokoroa).
Commuter Waka (Stats NZ)	An interactive visualisation of how people in Aotearoa New Zealand travel to and from work and education, using 2018 and 2023 Census commuter data.
Aotearoa Data Explorer (Stats NZ)	The Aotearoa Data Explorer is Stats NZ's key online tool that presents NZ data in a searchable, flexible, and dynamic way. It allows you to can view, query, and download data (including Census data and other large national datasets) in formats that work best for you.
WBOP & Tauranga Population Projections (2023 -2053)	Population projections (now released in the Aotearoa Data Explorer tool) provide an indication of future changes in the size and age-sex structure of the population usually living in each area (down to Statistical area 2 (SA2) and statistical area 3 (SA3)).
Community Insights Explorer Tool	The Social Investment Agency (previously known as Social Wellbeing Agency) has developed an explorer tool to assist with the response and recovery from adverse weather events.
Regional Data Explorer	Developed by the Social Investment Agency this dashboard provides access to data for regional/sub-regional decision-making. It brings together 70 datasets or 'indicators' that can be filtered to help understand the needs of different population groups, what works for these groups, and how to measure progress.
Tauranga City Statistical Information Report 2025	Tauranga City Council compiled the information in this report from the statistics produced by Statistics New Zealand, the 2018 and 2023 Census, Council data and a few other sources. TCC updates this report regularly to include the most recent information when available.

Figure NZ	Find and use figures about our country for free. Data at Territorial Authority (TA) level including Tauranga City and Western Bay of Plenty District.
Census 2023	Infographics showing 2023 Census national and regional data.
Statistics NZ site (to General Stats)	Stats NZ Tatauranga Aotearoa is New Zealand's official data agency collecting information from people and organisations through censuses and surveys. This information is used to publish insights and data about New Zealand, and Stats NZ supports others to use the data.
Ngā Tūtohu Aotearoa – Indicators Aotearoa New Zealand (Stats NZ)	Key stats about environmental, social, cultural, and economic wellbeing (current and future). This snapshot provides more than 100 wellbeing indicators developed as part of the Indicators Aotearoa New Zealand project.
Te Tai Ohanga The Treasury	The Living Standard Framework is a measurement tool that supports the Treasury's advice to government Ministers on priorities for improving wellbeing, and informs national wellbeing reporting.

National Health Datasets and Visualisations (Te Whatu Ora)	Te Whatu Ora (Health NZ) data and statistics on mortality, suicide, maternity, cancer, mental health, hospital events, diabetes and Pharmaceutical dispensings.
New Statistics + Data Sets (MOH)	The Ministry of Health's collection of statistical publications and data sets on a range of health topics. (NB Some of these will also be found in our other health data resources links).
Mental Health & Addictions Service Use Web Tool	Presents data relating to specialist inpatient and community mental health and addiction services provided in Aotearoa New Zealand, some DHB level data.
New Zealand Health Survey Annual Data Explorer	The Data Explorer is an interactive tool for exploring NZ Health Survey Data, presenting the latest results (data collected from July 2024 to July 2025) by gender, age, ethnic group, disability status and neighbourhood deprivation, as well as changes over time.
Māori Health Data	Statistical publications and data sets on Māori health.
Pacific Health Data	Statistical publications and data sets on Pacific health.
Aotearoa Disability Figures	Aotearoa Disability Figures brings together data, research and reports for disabled people in Aotearoa. Find data on disabled people's wellbeing, employment, housing, education, health, and more.
